## Report of the Jury of HAFNIA 24

The jury of Hafnia 24 has completed judging and is pleased to present this report.

The jury has judged a total of 362 exhibits and 60 literature exhibits. The jury members have found that the quality of exhibits shown has been of a very high standard. We have awarded 19 Large Gold Medals and 72 Gold Medals. We are pleased to see that many exhibits have made significant improvements since they were shown in previous exhibitions.

2 exhibits were transferred to a different exhibition class to ensure they achieved a better award. Unfortunately, 1 exhibit did not arrive and 4 were out of competition, so a total of 5 exhibits could not be judged.

The jury would like to thank the HAFNIA 24 Organising Committee and especially its President Lars Peter Svendsen, all volunteers, and the National commissioners for their efficiency and hard work. We are grateful for all exhibitors who have brought their exhibits, either themselves or through their National commissioners, since their presence in Copenhagen made the visitors appreciate our wonderful hobby.

Finally, we would also like to thank the HAFNIA 24 exhibition organisers for their warm hospitality, the excellent facilities, the extremely close-by and attractive locations and last but not least the spacious rooms and generous support provided for the jury.

On behalf of the HAFNIA 24 jury.

## Report from the expert committee at HAFNIA 24

The Expert Group at Hafnia has been Giacomo Bottacchi and Ivar Sundsbø (TL).

The group wishes to deliver the following report:

The Secretary of FIP, Kelly Ong has sent a list of exhibitors participating with exhibit which has previously been market out during earlier exhibitions, all together 6 exhibits. In three of the exhibits the marked items were taken out, two other items were supplied by new certificates as wanted, and one exhibit was not shown. This means that all were cleared out.

No frames were opened due to tight time schedules as for the judging, but all items which were questioned are photographed and a written report will be provided to the commissioners for further actions, with a copy to the registry in FIP.

Of the actions wanted there are 9 requests for certificates, two of the items are repaired without any description in the exhibit, two have old certificates, and new certificates by well-known experts are required.

One of the exhibits had “No action required”

The total of the items checked are 15.
